

SARON mortgage loan

The SARON mortgage loan offers you greater flexibility by allowing you to make unscheduled repayments or convert to a fixed rate at each quarterly payment.

The essentials

The BCGE SARON mortgage loan allows you to benefit from the current very favourable interest rate situation. This loan is based on the SARON (Swiss Average Rate Overnight). The reference rate reflects the conditions of daily transactions in the secured CHF money market. The compounded SARON serves as the reference for the calculation of interest rates.

Advantages

Risk management

Minimise interest rate risk by spreading your loan over a short-term rate (SARON) and a medium or long-term rate (fixed rates from 2 to 15 years)

Customised financing

You can opt for a fixed rate every quarter to manage your loan costs over the long term

Transparency guaranteed

The SARON is based on real transactions and published daily
